more ice fishing

This class is for the beginner or intermediate ice angler who wants to learn or improve her fishing skills. At the class Friday evening we'll learn about ice fishing gear, dressing to stay warm, and how to be safe on the ice. Saturday morning we'll be on the ice where you can try out ice augers, fishing shelters, and catch fish. ☺ Sunday morning no formal class but you can fish some more with the instructors.

Places to fish

Basing the class in Seeley Lake gives us the option to fish at these nearby lakes: Seeley, Salmon, Placid, Upsata, and Browns Lake. Final determination on where we fish is at the discretion of the instructors (we want to go where the fish are biting!) We have the opportunities to catch these fish species: perch, northern pike, largemouth bass, kokanee, brown trout, west-slope cutthroat trout and rainbow trout.

What should I bring?

- If you have any ice fishing gear such as rods, lures, jigs, skimmer, please bring them to class Friday night. If you don't have any gear, it will be provided. Please don't buy any gear for this workshop. You'll learn about different equipment and what to look for when making a purchase.
- On Saturday wear sturdy insulated snow boots and warm winter clothes. It's best to dress in layers of synthetic or wool, (never wear cotton). We'll provide a packing list once you are registered.
- You **DO NOT** need a fishing license as participants have an exemption during class time.
- Lodging, transportation and meals (except for lunch on Saturday) are on your own.

Where to stay

Please arrange for your own lodging during the workshop. We've blocked rooms at the Seeley Lake Motor Lodge, phone 406-677-2335. Tell them you are with the **FWP BOW ICE** fishing class. They are offering a discounted rate for our group. Bring a friend to class and share a room.
